Complaint

COMPLAINT AGAINST STEPHEN PATRICK LOWNEY (LIC. NO.: #166306)

Dear Chief Justice Patricia Guerrero and Commission on Judicial Performance,

I respectfully request you to immediately and indefinitely terminate suspected of bribery corrupted judge Stephen Patrick Lowney (Lic. No.: #166306), from Superior Court of California, Santa Clara County, and immediately and indefinitely ban Stephen P. Lowney from occupying any kind of judicial, attorney or political positions indefinitely.

Judge Stephen P. Lowney is suspected of receiving bribe from unethical attorney Nancy L. Roberts in the very first month of his assignment in Department 79 of Superior Court of California, Santa Clara County, in January 2024. It is confirmed by the massive amount of attached evidence (also reported to Presiding Judge Beth McGowen in Verified Written Statement of Disqualification, filed with the Superior Court on 02/20/2024), and the fact that Lowney made massive falsifications of court records with the sole goal to facilitate international child abduction against legal and factual basis of the case 22FL003144, through falsification of court records, abuse of judicial power, threats and coercion - same as previous bribed judges on this case, Andrea E. Flint (terminated in 2023), and James E. Towery (terminated in 2022)

Both Stephen P. Lowney and Nancy L. Roberts are reported to Presiding Judge Beth McGowen, Supervising Judge Brooke Blecher, State Bar of California, and multiple government authorities, and are requested to be disqualified immediately, and banned from any kind of judicial, attorney or political positions indefinitely, because they are proven to be a core of massive organized crime syndicate, acting in the very heart of Superior Court, which made their crimes, covering them under the label of "law", meanwhile facilitating international child abduction, massive financial fraud, enforced violence against minor children and senior women with disabilities, made massive financial fraud through falsification of court records, severe manipulations of court proceedings, abuse of judicial power, bribery and pressure on government officials, experts and supervisors, made massive severe threats and coercion through abuse of judicial power to achieve their criminal goals.

I. OCCURRENCES OF MISCONDUCT AND SEVERE ABUSE OF JUDICIAL POWER

All THREE bribed judges (Stephen Lowney, Andrea Flint and James Towery), together with other members of organized crime syndicate Nancy Roberts, Stephen Dinneen and Ryan Romero, made massive fraud, falsifications of court records, manipulations of court proceedings, threats and coercion through abuse of judicial power, with the same core criminal motives, obvious from harmful orders and stipulations they did, and tried to force me to sign and comply with:

1. Attempted to force me to sign off custody and give up passport of my son - therefore facilitating international child abduction of my son outside of the United States to Ukraine by mentally unstable, socially dangerous mother-abuser, who abducted my son to undisclosed location, holds my son hostage (motivating it by "court orders" of bribed judges Flint and Towery), blocked all contact with my son, and threatened to abduct and "bury our son in Ukrainian soil, so you will never see him again". Orders of bribed judges Lowney, Flint and Towery are unlawful and go against legal and factual basis of this case because:

a) On 02/07/2024 when bribed judge Lowney with threats and coercion ordered me to sign-off custody and give up passport of my son to opposing party, there was Child Abduction Prevention and Custody Review hearing pending (scheduled 3/28/2024, also was scheduled on 02/07/2024, but bribed judge Lowney ignored and refused to hear that matter). Therefore due to pending Custody Review hearing there are no legal basis to transfer legal custody to mother-abuser, and no reasons to allow international child abduction through transfer of passport to mother-abuser with documented history of international child abduction

b) On 02/07/2024 when bribed judge Lowney with threats and coercion ordered me to sign-off custody and give up passport of my son to opposing party, there was trial on opposing DVROs scheduled on 02/07/2024, which bribed judge Lowney refused to hear, and unlawfully and unreasonably rescheduled to 06/17/2024. In my DVRO against mother-abuser I clearly stated request to free my son from parental child abduction, protect my son from international child abduction, and requested full legal and physical custody of my son, abducted by mother-abuser to undisclosed location, who tortured, beaten and threatened to "bury our child in Ukrainian soil, so you will never see him again". Therefore neither legally, nor ethically, judge cannot order transfer of passport of my son to violent abuser, who abducted child, endangered life of my son, and threatened to internationally abduct my son to Ukraine and "bury our child in Ukrainian soil, so you will never see him again"

c) Bribed Judge Lowney was notified multiple times (verbally, through emails and in filed with the Court declarations and massive amount of evidence) that mother-abuser, who abducted my son, has documented history of international child abduction in 2019-2020 (documented in evidence), shared threats to abduct my son to Ukraine with friends (documented in witness statements), has in her possession Travel Authorization Consent which allows her to travel outside of the United States with my son without my permission for the next 10 years (she forced me to sign Travel Authorization Consent for 10 years in exchange to return my son during previous international child abduction in 2019 - 2020) - therefore mother-abuser with Travel Authorization Consent on her hands can easily abduct my son outside of the United States as soon as she will obtain passport of my son (which she is trying to do by bribing judges of Superior Court, because after previous international child abduction in 2019-2020 she never had access to Max's passport, because had documented history of child abduction, and proven record of mental health instability and socially dangerous behavior)

d) Bribed judge Lowney, same as previous bribed and terminated from court judge Flint, was well aware that Respondent's father, Serhii Nahorny, is well known Ukrainian criminal, who has extensive experience of bribing judges and government officials in Ukraine, and he threatened to facilitate abduction of my son outside of the United States to Ukraine through any means, and is ready to bribe whoever they need to bribe, just to abduct my son and ensure that he will never see his father again, and will never return back home to the United States.

e) On 02/07/2024 I clearly stated to bribed judge Lowney that his orders endanger life of my son and facilitate international child abduction, that there is Child Abduction and Custody Review hearing pending, that there is Trial on opposing DVROs pending, that Respondent abducted and threatened to internationally abduct my son (which is confirmed by witness statements and previous history of international child abduction, filed with the evidence with the court). I stated clearly to bribed judge Lowney that with pending Custody Review hearing and pending Trial on DVROs judge cannot order transfer of passport of the child and facilitate international child abduction - and I requested judge to

hear matters of Child Abduction Prevention and Opposing DVROs before making any orders regarding passport transfer and facilitation of international child abduction. Bribe judge Lowney refused to consider my request and threatened to put me into jail through contempt of court if I will not comply and will not abandon my son.

f) Bribe judge Lowney was presented massive evidence, including video recordings of domestic violence and child abuse by mother-abuser on 8th birthday of my son 11/23/2023, flight tickets of previous international child abduction in 2019-2020, witness statements that confirm that mother-abuser shared plans of new international child abduction in 2022, signed emergency screener recommendations of Dr Mary Rolison that include recommendations of Child Abduction Prevention Orders and mental health treatment for mother-abuser due to her documented history of child and elderly abuse, and documented history of international child abduction. All evidence, including all compromised supervised reports, compromised by impermissible pressure of Nancy L Roberts on emergency screener and professional supervisors, were filed with the Court for upcoming Trial on DVROs, hearing on Contempt of Court against mother-abuser, and for Child Abduction Prevention and Custody Review hearing. All these evidence was also forwarded in email to Department 79 and Stephen P. Lowney, together with video evidence of domestic violence and child abuse, for Trial on DVROs 02/07/2024

g) Instead, bribe judge Lowney not only refused to consider evidence and procedural necessity to hear Trial on Opposing DVROs, Contempt against mother-abuser, and Child Abduction and Custody Review Hearing before any decision regarding passport transfer - but shamelessly ignored court procedures and bluntly ordered me to sign-off custody and give up passport of my son to mother-abuser, therefore facilitating international child abduction, and threatened to put me in jail through contempt of court and silence me through vexatious litigant pre-filing order if I will not comply or request reconsideration of these intentionally harmful orders of bribe judge.

h) I also clearly stated to bribe judge Lowney during hearing 02/07/2024 that even excusing wording to "transfer passport and all documents of minor child to opposing attorney" cannot be executed simply because unethical attorney Nancy L Roberts is requested to be Disqualified for massive fraud, falsifications, suspect of bribing judges, lies to judges, facilitation of parental child abduction through advising her client to abduct child (therefore violating CCP 278.5), is suspected of bribing THREE judges on this case, is reported to State Bar Association and requested to be suspended from attorney activities indefinitely, also had put even in stipulation (back in February 2023) direct wording that "transfer passport and all documents of minor child to attorney, and attorney will immediately transfer all documents to mother" - which means that unethical attorney Nancy L Roberts will immediately transfer passport to mother-abuser and my child will be immediately abducted outside of the United States, as mother-abuser threatened before parental child abduction of my son in 2022.

2. Protected corrupted and unethical attorney Nancy L. Roberts, suspected of bribing those THREE corrupted judges (Lowney, Flint and Towery), from being disqualified from case 22FL003144, where Nancy L. Roberts does massive harm, endangers life of my son and makes massive financial and legal fraud through falsifications and orders of those bribe judges (Lowney, Flint and Towery), including:

a) Orders of bribe judge Flint on 06/29/2023 to abandon my son and give up passport and all documents of my son to mother abuser, client of Nancy L Roberts. These orders were made with falsification of court records, unlawful removal of signed emergency screener recommendations, denial of Child Abduction Prevention orders (against massive evidence of documented history of international child abduction by Respondent back in 2019-2020), denial of Mental Health Treatment for Respondent (recommended by Emergency Screener), denial of signed Emergency Screener Recommendations (which included Child Abduction Prevention Orders and Mental Health Treatment for Respondent), denial of Minor's Counsel (because Minor's Counsel will hold child's passport and will not allow international child abduction), denial of Child's Counseling (because bribe judge Flint enforced intentional harm to child's mental health by violent mother-abuser, and counseling could heal damages), denial of Parenting Counseling (because parenting counseling will allow peaceful resolution of matter and co-parenting, but

bribed judge Flint made orders to facilitate international child abduction, and any kind of co-parenting goes against violent international child abduction by violent mother-abuser). Also bruises on the body of my son, CPS reports and witness statements were completely ignored, same as signed Emergency Screener Recommendations. Ordered no-contact with my son, only paid supervised visits and orders to give up passport and all documents of my son and facilitate international child abduction were made in direct violation of court proceedings and the law.

b) Unethical attorney Nancy L Roberts obtained temporary full custody over my son to her client in September 2022 through signature of bribed judge James E. Towery, who was terminated from Superior Court in a few months after. After that Nancy L Roberts through fraud with stipulation dismissed trial on Opposing DVROs, keeping temporary full custody on her client's side, and blocked emergency screening - initially refusing to sign Emergency Screener Recommendations, but later, with the help of bribed judge Flint, got signed Emergency Screener Recommendations removed from Court records, and all recommended measures, including Child Abduction Prevention Orders, Mental Health Treatment to her mentally unstable client, Minor's Counsel, Parenting Counseling, and whole bunch of reasonable recommendations. Nancy L Roberts not only blocked emergency screening, but also made impermissible pressure on Emergency Screener and Professional Supervisors, was attempting multiple times to avoid service of motion to hold her client in Contempt of Court, cancelled Contempt hearing and attempted to avoid hearings, harassed servers who were serving Contempt motion to her in attempt to scare them by harassment and threats (see attached Motion to Disqualify unethical attorney Nancy L Roberts and all evidence to it)

c) Orders of bribed judge Flint on 07/31/2023, 11/13/2023 which ordered massive financial fraud and unreasonable equalizing payment based on falsified by Nancy L Roberts financial statements, that go against community bank statements, against balances of community assets and debts, and simply enforce financial fraud of Nancy L Roberts

d) Orders of bribed judge Lowney 02/01/2024, 02/07/2024 which ordered me to abandon my son and give up passport and all documents of my son to the violent abuser, therefore facilitating international child abduction outside of the United States. And enforcing same intentionally harmful financial fraud orders of bribed judge Flint (which, by the way, were requested to be reconsidered by bribed judge Lowney, because numbers that were ordered not only go against community bank and loan statements, but even against my current, personal balances - and I simply do not have funds to pay these harmful orders). But bribed judge Lowney refused to hear matter, and denied them without consideration

e) Fraudulent stipulation by Nancy L Roberts and Steven Dinneen 02/08/2023 which forced me to pay unreasonable maximum amount of spousal support with Smith-Osler orders, in a situation when Respondent is full-time employed and refused to share any proofs of income with the court. Therefore stipulation and Dissomaster they used is ultimately fraud, because falsified amount of "no income" for Respondent is fraud - because Respondent refused to provide any proofs of income to the Court. But even worse - Nancy L Roberts and Steven Dinneen fooled me into signing this stipulation on basis of verbal agreements that Respondent will release my son from being hostage in exchange for maximum spousal support. Instead of releasing my son, Respondent, right after obtaining my signature on stipulation, abducted my son to undisclosed location and blocked all contact with my son, therefore ultimately making parental child abduction in violation of ATROs and CCP 278.5. When I tried to ask her for a call with my son - she said that HER ATTORNEY SAID DO NOT GIVE ME A CALL WITH MY SON UNTIL I WILL SIGN-OFF CUSTODY AND GIVE UP PASSPORT AND ALL DOCUMENTS OF MY SON (which is documented in attached evidence for motion to Disqualify Nancy Roberts) - and ultimately orders of bribed judges Lowney, Flint and Towery repeat exactly the same demand of Nancy L Roberts - TO GIVE UP PASSPORT AND ALL DOCUMENTS OF MY SON to Respondent, which confirms that all bribed judges (Lowney, Flint and Towery) serve blindly the same criminal scheme of international child abduction, facilitated by Nancy L Roberts, and most probably are very well paid to make such massive falsifications and severe abuse judicial power.

f) Orders of bribed judges Lowney and Flint 08/01/2023, 02/07/2024 and 02/27/2024 by which they

systematically and repeatedly deny or take off calendar or deny without consideration Motion to Disqualify unethical attorney Nancy L Roberts and Motion to Hold in Contempt of Court Respondent for Child Abduction by CCP 278.5 and Violation of Court Orders

3. Bribed judge Lowney (same as Flint) completely blocked case 22FL003144 from resolution, massively manipulated court proceedings and falsified court records, using threats and coercion to force me to sing-off custody and give up passport of my son, otherwise they threatened to put me in jail through contempt of court, and silence me from fighting for life and freedom of my son, through ordering vexatious litigant pre-filing order against me (which in conjunction with massive financial damages that bribed judges caused to me can make filing any motions on this case impossible - therefore blocking resolution of this case indefinitely). Specific actions of bribed judges Lowney and Flint, and Nancy L Roberts to block case from resolution include:

- a) Bribed judge Lowney removed Final Trial 02/05/2024 from court calendar
- b) Bribed judge Lowney removed SOC for Final Trial 03/19/2024 from court calendar (after I requested final trial again)
- c) Bribed judge Lowney removed hearing on Contempt of Court against Respondent 02/27/2024 - and it is suspected that bribed judge Lowney canceled his vacation on this day to personally be present and remove Contempt hearing from calendar - because initially this hearing was assigned to Supervising Judge Brooke Blecher, because Lowney had to be on vacation on this day
- d) Bribed judge Lowney 02/07/2024 ignored, refused to hear, and did not even mention in court orders, hearing to Vacate fraudulent stipulation 02/08/2023 on fraudulent maximum spousal support
- e) Bribed judge Lowney 02/07/2024 refused to hear Trial on Opposing DVROs, scheduled on this date, and instead unreasonably rescheduled SIX MONTHS LATER - to 06/17/2024
- f) Bribed judge Lowney 02/07/2024 ignored and refused to hear matter of Child Abduction Prevention and Custody Review hearing that was rescheduled by him personally from 01/18/2024 to 02/07/2024 - while he is suspected to be waiting to receive bribe from Nancy L Roberts (Lowney was unreasonably rescheduling all hearings from January 2024, obviously waiting for bribe from Nancy L Roberts, which he requested on short notice, right after being assigned to Department 79 in January 2024). Worth to mention that I requested bribed judge Lowney to hear the Child Abduction Prevention and Custody Review hearing before making any orders regarding transfer of passport and all documents of my son to mother-abuser. But bribed judge Lowney refused to hear Child Abduction Prevention Matter and Custody Review, and made intentionally harmful orders therefore intentionally facilitating international abduction of my son outside of the United States.
- g) Corrupted attorney Nancy L Roberts rescheduled hearing on Contempt of Court against me where she requests to put me in jail through contempt for video recording and reporting bribed judge Flint (video recordings were shared with Commission on Judicial Performance and multiple government authorities, and investigation of bribed judge Flint is still pending) - Nancy L Roberts intentionally rescheduled hearing on Contempt from 02/29/2023 (which was assigned to Supervising Judge Brooke A. Blecher, because Lowney had vacation on that day), to 03/28/2023 when bribed judge Lowney will be present in Court - therefore Nancy L Roberts made obvious attempt to manipulate court calendar to get harmful retaliatory Contempt hearing heard by bribed judge Lowney to get favorable outcome (obviously contempt against me and jail for reporting and termination from court bribed judge Flint, who was bribed by Nancy)

II. ORGANIZED CRIMINAL SYNDICATE ACTING IN SUPERIOR COURT UNDER THE LABEL OF "LAW"

Bribed judge Stephen P. Lowney is the THIRD bribed judge in Department 79 on the case 22FL003144, during about ONE single year on ONE single case 22FL003144, who were reported for suspect of bribery, severe falsifications of court records, severe manipulations of court proceedings, violation of the law in courtroom, and severe repetitive abuse of judicial power while serving in organized crime syndicate, covering their crimes under the label of "law".

Two previous bribed judges were prematurely terminated from Superior Court of California, Santa Clara County, years before official end of their term, Lowney is requested to be terminated after the very first month of his assignment in Department 79 for obvious falsifications, abuse of judicial power and suspect of bribery:

- Bribed judge Stephen Patrick Lowney, Lic. No.: 166306 - reported to Presiding Judge Honorable Beth McGowen, Supervising Judge Brooke Blecher and government authorities, and requested to be terminated for suspect of bribery in February 2024, after the very first month of his assignment in Dept 79, when in one single hearing he ordered me to sign-off custody and give up passport of my son to violent abuser, who abducted my son and threatened to abduct my son outside of the United States to Ukraine, and to "bury our child in Ukrainian soil, so you will never see him again" as soon as she will obtain passport through bribed judge. Stephen P. Lowney threatened to put me into jail through contempt of court, and silence me with vexatious litigant pre-filing order if I will not give up passport of my son, and if I will file any new motion to request reconsideration of his intentionally harmful orders that serve organized crime under label of "law" (Evidence 20, 21),

- Bribed judge Andrea Elizabeth Flint, Lic. No.: 186714 - reported to Presiding Judge Honorable Beth McGowen and terminated for suspect of bribery in December 2023, who facilitated international child abduction of my son outside of the United States using intentionally harmful custody orders, ordered me to abandon my son, sign-off custody, give up passport and allow international child abduction outside of the United States by mentally sick and socially dangerous violent abuser with documented history of child and elderly abuse, and documented history of international child abduction; Flint denied child abduction prevention orders despite documented history of international child abduction, and ordered full custody to violent abuser with documented history of child and elderly abuse; Flint repetitively falsified court records, removed signed emergency screener recommendations, massively manipulated court proceedings, falsified court orders, and massively abusing judicial power for the purpose of organized crime under label of "law" (Evidence 14, 18, 19*),

- Bribed judge James Earl Towery, Lic. No.: 74058 - reported to Presiding Judge Honorable Theodore Zayner and terminated for suspect of bribery in 2022 after signing fraud DVRO based on irrelevant false allegations, which started this case - and which was used in attempt to kill and caused irreparable terminal condition to my grandmom, defenseless 95 years old senior woman with disabilities, and caused domestic child abduction of my son to undisclosed location, where mother-abuser holds my son for more than year, blocking all our contact, with threats to internationally abduct my son outside of the United States to Ukraine and to "bury our son in Ukrainian soil so you will never see him again" as soon as another bribed judge, Flint, will re-issue passport of my son to violent abuser who abducted my child; Orders signed by Towery included request to give up passport of my son and allow international child abduction. Signature of Towery on fraud DVRO 2022 was unlawful by it's nature, there were no neither facts, nor evidence of domestic violence, and was obviously caused by bribe and serving organized crime under label of "law"(Evidence 15, 10, 11, 12*).

Stephen P. Lowney is acting as a member of criminal syndicate which consists of:

- Two unethical attorneys:
 - Nancy Lee Roberts, Lic. No. #187211,
 - Steven Allen Dinneen, Lic. No.: #254494,
 - Steven's associate Ryan Daniel Romero (Lic. No.: #343300),
- Three corrupted judges:
 - Stephen Patrick Lowney, Lic. No.: 166306 - reported to government authorities and requested to be terminated for suspect of bribery in February 2024, after the very first month of his assignment in Dept 79 (Evidence 20, 21),

- Andrea Elizabeth Flint, Lic. No.: 186714 - terminated for suspect of bribery in December 2023 (Evidence 14, 18, 19*),
- James Earl Towery, Lic. No.: 74058 - terminated for suspect of bribery in 2022 after signing fraud DVRO which started this case (Evidence 15, 10, 11, 12*).
- * Please feel free to review evidence and multiple reports and investigatory cases related to termination of those corrupted judges (Evidence 20, 21, 14, 18, 19, 15, 10, 11, 12).

IV. CONCLUSION

Taking into account that Stephen P. Lowney not only refused to recuse himself when it is required by law (CCP 170.1(a)(6)A(iii), 170.1(a)(3)A, 170.3), but continues harmfully removing hearings from Court calendar, and helping corrupted attorney Nancy L Roberts to avoid Contempt hearings and make massive harm,

It is obvious that Stephen P. Lowney not only has "impermissible conflict of interest" with me, Petitioner on this case (which obliges judge to recuse himself from the case immediately), and not only "extreme prejudice against me and my family" (which is obvious from orders where bribed judge Lowney orders international abduction of my son outside of the United States through orders ot sign-off custody and give up passport, rescheduling DVRO SIX MONTHS later, refusing to hear Child Abduction Prevention and

Custody Review matters, removes final trial and SOC from calendar, removes Contempt hearing from calendar),

But it is also obvious that such kind of "prejudiced" ruling cannot have any other grounds except only bribe - and it is bribe received from Nancy L Roberts (who systematically bribing judges and working only with bribed judges because of nature of her client's position - based on fraud, lies and repetitive crimes against minor child and defenseless 95 years old senior woman with disabilities), and bribe received during January, the very first month of assignment in Department 79.

Lowney so systematically was rescheduling all hearings from January to February, to then deny whole bunch of matters in single day without consideration (02/07/2024), and make massive intentionally harmful rulings in favor of Nancy L Roberts, and attempt to force me to comply through threats and coercion, that there are no doubts that Lowney was waiting for money transfer from Nancy in January - and then actively started ruling solely in her favor after received bribe.

Even if put aside money transfer in January, it is more than obvious from provided evidence (including evidence for Verified Written Statement of Disqualification) that such massive amount of falsifications, manipulations with court proceedings, falsifications of court records, denial of each and every type of evidence (not only court reporter was removed 02/07/2024, but even statement of decision was denied, not talking about media coverage, request for audio and video recording, and even ADA accommodations), and massive amount of intentionally harmful orders, and first and foremost - intentional facilitation of international child abduction through harmful order to transfer child's passport to violent abuser with documented history of international child abduction. INTENTIONAL FACILITATION OF INTERNATIONAL CHILD ABDUCTION THROUGH ORDERING TO TRANSFER PASSPORT TO VIOLENT ABUSER WITH DOCUMENTED HISTORY OF INTERNATIONAL CHILD ABDUCTION AND THREATS TO ABDUCT CHILD OUTSIDE OF THE UNITED STATES,

It is obvious that Lowney is not just "suspected of bribery", but acting directly and obviously as all previously terminated from Court bribed judges on this case - Flint and Towery.

In the light of aforementioned facts, I respectfully request you to immediately and indefinitely terminate suspected of bribery corrupted judge Stephen Patrick Lowney (Lic. No.: #166306), from Superior Court of California, Santa Clara County, and immediately and indefinitely ban Stephen P. Lowney from occupying any kind of judicial, attorney or political positions indefinitely.

Appreciate your prompt attention to this matter.

Respectfully submitted,

February 20, 2024 Kostiantyn Mars
