Dear Clerks of the Court and SOC scheduling team,

I kindly ask you for help to **reschedule following hearings on the case 22FL003144 THREE (3) months later with the approval of Presiding Judge Honorable Beth McGowen (Department 17 in copy) and Supervising Judge Honorable Brooke A. Blecher (Department 72 in copy)**, to allow respectful 3 months stay to give time for Presiding Judge Honorable Beth McGowen and Commission on Judicial Performance to complete investigation of uncontrollable outburst of bribery and crime under the name of "law" in Department 79 which affected 3 (THREE) bribed judges disqualified during past year (Lowney, Flint, Towery), investigate and prosecute suspect of bribery Stephen P. Lowney, disqualify and terminate this criminal in a robe from Superior Court and transfer case 22FL003144 to Department 72 to be heard by Supervising Judge Honorable Brooke A. Blecher.

This request to reschedule upcoming hearings 3 months later **was communicated in the official Letter to Presiding Judge Honorable Beth McGowen**, but taking into account **urgency of this matter**, and the fact that disqualified suspect of bribery Stephen P. Lowney will attempt to use for making harmful retaliatory rulings **upcoming hearing which is already in 3 (THREE) days - 03/21/2024**, and **threatened to put me in jail through contempt and facilitate international child abduction of my son Max Mars outside of the United States on the hearing 03/28/2024**, I kindly request your urgent help to **reschedule all hearings immediately to specified dates at least 3 months from now** - and I kindly appreciate your help and understanding (please see requested dates to reschedule below - numbers 01 - 09 correspond to attached filed stamped requests to reschedule, denied by disqualified suspect of bribery Stephen P. Lowney):

01 - 3/21, Disqualify corrupted attorney Nancy L Roberts - reschedule to dates between 6/18 - 6/28

02 - 3/21, Change of Venue - reschedule to dates between 9/1 - 9/12

03 - 3/26, SOC for Final Trial - reschedule to dates between 8/19 - 8/30

04 - 3/28, Contempt for reporting suspect of bribery Andrea E. Flint which led to her disqualification - reschedule to dates between 12/01 - 12/20

05 - 3/28, Custody Review - reschedule to dates between 11/1 - 11/29

06 - 4/9, Bifurcate status of Marriage - reschedule to dates between 8/1 - 8/16

07 - 5/9, Vexatious Litigant against Nancy Roberts - reschedule to dates between 10/16 - 10/31

08 - 5/12, Reconsider harmful orders 02/07 and 02/01 - reschedule to dates between 10/01 - 10/15

09 - 5/16, Vacate fraudulent stipulation 02/08/2023 - reschedule to dates between 9/16 - 9/30

I kindly request to **reschedule to these specific date ranges, to ensure that there will be no overcrowded hearings like 02/07**, when disqualified suspect of bribery Stephen P. Lowney **denied and removed from calendar without consideration massive amount of matters, threatened to put me in jail through contempt if I will not sign-off custody of my son therefore facilitating international child abduction of my son Max Mars outside of the United States**, and **threatened to silence me through "Vexatious Litigant" order for requesting impartial evidentiary hearings and asking to hear these matters**, not just make harmful rulings without consideration of evidence and facts (Verified Statement of Disqualification and Evidence List attached).

I respectfully **attach for your attention all requests to reschedule these hearings**, retaliatory denied by disqualified suspect of bribery Stephen P. Lowney - as the proof of my good faith effort to reschedule hearings through standard procedures (Attachments 00 - 09), which unfortunately were retaliatory denied by disqualified suspect of bribery Stephen P. Lowney.

I do request your immediate help and help of the Presiding Judge and Supervising Judge because **disqualified suspect of bribery Stephen P. Lowney is doing harmful rulings even while pending his disqualification** (Verified Written Statement of Disqualification filed 02/20/2024, and Verified Written Statement of Disqualification Amended filed 03/11/2024 - both attached), continues to massively violate CCP 170.4(d), **continues to make harmful rulings in violation of CCP 170.4(d)** (Vexatious Litigant order signed by Lowney while being disqualified attached), **makes financial fraud** (Fraud debt \$1,200 created through court balances, fraud equalizing payment and sanctions ordered by Lowney 02/01/2024 attached), **continues to heavily abuse his judicial power and massively manipulates court calendar with harmful intentions** (evidence of repetitive removal of SOC for Final Trial from 02/05, 03/05, 03/19, and removal of Contempt hearing 02/27 - all attached).

Disqualified suspect of bribery Stephen P. Lowney on hearing 02/07/2024 **threatened to put me in jail through contempt if I will not sign-off custody of my son Max Mars therefore facilitating international child abduction of my son Max Mars outside of the United States - and he has clear intentions to do this on upcoming Contempt hearing scheduled on 03/28/2024**, and **threatened to silence me with "Vexatious Litigant" order against me - which disqualified suspect of bribery Lowney recently signed 03/11/2024 in violation of CCP 170.4(d) despite his pending disqualification** (please see

attached Evidence for Statement of Disqualification, email thread where Nancy Roberts, who is requested to be disqualified, requested disqualified judge Lowney to make harmful order, and harmful retaliatory "Vexatious Litigant" order signed by disqualified judge in violation of CCP 170.4(d) despite his pending disqualification - all attached).

I did my good faith effort to reschedule all hearings 3 months later to allow respectful 3 months stay to give time for Presiding Judge Honorable Beth McGowen and Commission on Judicial Performance to disqualify and terminate suspect of bribery Stephen P. Lowney from Superior Court - by filing requests to reschedule corresponding hearings - but disqualified suspect of bribery Stephen P. Lowney denied all requests (orders attached) - therefore demonstrating retaliatory intent to continue making harmful orders in violation of CCP 170.4(d) while being pending disqualification (as he already did with "Vexatious Litigant" order 03/11), heavily manipulate court calendar and remove hearings (as he already did three times with SOC for Final Trial 02/05, 03/05, 03/19, and with Contempt hearing 02/27), and quite obviously with massive amount of retaliatory intentionally harmful orders (like orders 02/01, 02/07, 02/27 and "Vexatious Litigant" order signed despite pending disqualification 03/11).

It is obvious that disqualified suspect of bribery Stephen P. Lowney denied rescheduling hearings with retaliatory harmful intent to make harmful (as he threatened - leading to imprisonment) orders, and remove important, reasonable hearings from calendar in his last days before termination from Superior Court. I kindly remind you that case 22FL003144 is about **massive fraud scheme of international child abduction of my son Max Mars outside of the United States with massive fraud, threats and coercion, falsifications of court records, intentionally harmful custody orders made by THREE suspected of bribery disqualified from Superior Court judges (Lowney, Flint, Towery), who are suspected to be bribed by corrupted attorney Nancy L Roberts, who is requested to be disqualified already three times, and was multiple times reported to California Bar Association for massive repetitive fraud, suspect of bribing judges, repetitive impermissible pressure on experts, supervisors and witnesses, repetitive massive unethical conduct, financial and court records fraud.**

I also **respectfully attach the following evidence for your attention**, in case you have any questions about why rescheduling hearings is urgent, and if you have any doubts regarding the **massive harm and damages that disqualified suspect of bribery Stephen P. Lowney did and will do if these hearings will not be rescheduled immediately**, in retaliation to my request to disqualify him for suspect of bribery (and initially did due to suspected bribe received from Nancy Roberts, who is requested to be disqualified, and is suspected in bribing all three disqualified corrupted judges during past year - Lowney, Flint and Towery):
