

AFFIDAVIT OF KOSTIANTYN MARS

About Aggravated Kidnapping of My Son Max Mars and Child Trafficking Outside United States to War Zone in Ukraine by Organized Group of Criminals from Ukrainian Criminal Cartel “Kodlo Gondona” Led by Serhii “Gondon” Nahorny, Father of My Ex Wife Hanna Mars, His Criminal Associate Ivan “Pedofile” Omelchenko, and Their Criminal Associates From Santa Clara Mafia Cartel Presiding Judge Beth McGowen, and Three Disqualified Judges Acting Outside Jurisdiction - Stephen Lowney, Andrea Flint, and James Towery.

Immediately after the aggravated kidnapping of my son Max Mars, I tried to reach the kidnappers - Serhii “Gondon” Nahorny, his daughter Hanna “Gnyda” Nahorna, his criminal associate Ivan “Pedofile” Omelchenko, and their criminal associates.

Gondon Nahorny and his daughter Gnyda refused to pick up - blocking contact with my son after kidnapping, and refusing to communicate.

Wife of Gondon Nahorny, Irina “Suka” Nahorna picked up - and in response to me asking to release my son Max Mars from unlawful detention and refrain from international abduction of my son to the war zone in Ukraine, she answered that “You know who you are dealing with. My husband warned you that we will kill your mom and take your son to Ukraine - and you will not be able to do anything with that. You had to surrender the passport and all documents of your son to my husband and sign all the papers that he was demanding you to sign. Don’t try to save your son - you will get more damage. You know who you are dealing with.”

After that members of the family of Gondon Nahorny, his criminal associate Ivan “Pedofile” Omelchenko, and close friends of their family consistently refused to communicate.

Friend of Gondon’s family Alexander Zakaznov to my request for help with establishing contact with my kidnapped son Max said: “You are wasting your time. They will not release your son”.

Mother of Max’s friend, Alena Chepakovich, provided an affidavit for court, clarifying that my ex-wife Hanna was frequently sharing plans to return to Ukraine and keep Max there - and

mentioned that she plans living luxury life on American-size alimony in Ukraine.

With that said, taking my son Max Mars to war zone in Ukraine is directly endangering life of my son - who I provided with all the lawful rights to live in safety in the United States, and stay away from the mass murder of thousands of children in Ukraine during the war.

During 2022 - 2025 organized criminals from Santa Clara Mafia Cartel, acting in criminal coordination with international criminals from Ukrainian criminal cartel “Kodlo Gondona” were extorting passport and documents of my son Max Mars for international abduction to Ukraine multiple times - both directly, and via coercive court orders issued by their criminal associates disqualified judges Stephen Lowney, Andrea Flint, James Towery.

Organized criminal from Santa Clara Mafia Cartel (including disqualified judges, corrupt police officers and lawyers) and criminals from family of Gondon Nahornyy are completely blocking contact with my abducted son Max Mars - who they detain hostage without right for a phone call, without access to phone and internet, beating my son for contact with me, and committing unlawful incarceration against me - blocking contact with my son.

There is well documented evidence of beatings of my son for talking to me, removal of sim card from Max’s phone, bruises on Max’s body documented during unlawful detention, denial of contact and even a phone call on Max’s birthdays and holidays.

Orders issued by three disqualified judges Stephen Lowney, Andrea Flint, James Towery were used solely for extortion of passport, documents of my son, and money - and to enforce international abduction of my son Max Mars from United States to Ukraine - child trafficking schema implemented by international criminals Serhii “Gordon” Nahronyy, Ivan “Pedofile” Omelchenko and their criminal associates presiding judge Beth McGowen and three disqualified judges acting outside jurisdiction Stephen Lowney, Andrea Flint, James Towery.

Unlawful arrest against me, theft of Tesla Cybertruck with Donald Trump from my unlawfully detained son, and enforcement of unlawful detention and international abduction of my son outside of the United States - are acts of international organized criminal enterprise.

Unlawfully enforced no contact orders, arrests against me, beating of my son, and enforced by void custody orders child trafficking schema of international abduction from United States to Ukraine - is directly following threats of Ukrainian criminal Serhii "Gordon" Nahorny, father of my ex-wife Hanna "Gnyda" Nahorna", and replicating pattern of targeted racketeering attack which Serhii "Gordon" Nahorny and his criminal associate Ivan "Pedofile" Omelchenko used for unlawful seizure of assets and property, and hostile takeover of business from their partner and childhood friend Serhii Rybalko in Ukraine 2015.

These facts, together with the denial of change of venue, denial of removal of disqualified judges, denial of 54 RICO complaints to CJP, denial of access to California courts, fabrication of criminal charges and unlawful incarceration - make resolution of child trafficking cases impossible in California, require release of my son Max Mars from unlawful detention, and complete reassessment of the all the removed cases via Federal Court.

Executed on June 6, 2026 in Austin, Texas.
