Re: Benefit under the EPAM Systems, Inc. 401(k) Plan

Dear Mr. Mars:

My name is Adam Greetis, I am an attorney at Seyfarth Shaw LLP, and we represent EPAM Systems, Inc. ("EPAM"). We are advising them with respect to your benefit under the EPAM Systems, Inc. 401(k) Plan (the "Plan"). We understand you are requesting that EPAM remove the hold that is currently in place on your Plan account. EPAM cannot grant your request.

The Plan is governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). ERISA gives your wife certain rights with respect to your benefit under the Plan, including the right to a portion of your Plan benefit if a judge determines that she is entitled to a portion of your Plan benefit. As that process unfolds, ERISA requires EPAM to place a hold on your Plan benefit to protect your wife's rights. It is our understanding that your wife is currently working with her attorneys and the court to obtain a right to your Plan benefit. Consequently, the hold will remain in place unless and until the court decides otherwise.

Please stop contacting EPAM regarding this matter. If you have further questions regarding this matter, you may direct your correspondence to my attention.

Very truly yours,

SEYFARTH SHAW LLP

Adam J. Greetis
