Complaint

On 01/18/2024 judicial officer Stephen Lowney absolutely unreasonably refused to hear custody review matter, and refused to review filed with the court professionally supervised reports.

Because my son was suffering domestic violence and enforced parental alienation for more than year due to orders obtained by fraud on court of previously disqualified suspected of bribery judge Andrea Flint, I directly asked judge Lowney on 01/18/2024 to review filed supervised reports without delay, to resolve unreasonably prolonged isolation of my son, explaining that child needs protection from domestic violence.

Recent incident when my soon ex wife Hanna Mars was beating my son on his birthday 11/23/2023 while being video recorded, punishing Max for hugging me and happily talking to me while I greeted my son with birthday after a year-long separation enforced by harmful orders of Flint, made it extremely important to resolve custody matters without delay, and vacate harmful custody orders which enforced isolation of Max (my son) without right for a phone call with me, his father.

Again, those old orders were obtained by fraud on court, with the signature of disqualified judge Andrea Flint - and I respectfully provided extensive evidence to Stephen Lowney that those orders were completely unreasonable (except attempt to facilitate international child abduction of my son to Ukraine in times of war), so judge can review evidence and make reasonable adjustments to old harmful orders.

Stephen Lowney unreasonably refused to review both supervised reports (attached) and evidence for custody review (attached), and unreasonably and without explanations rescheduled hearing to February.

During hearing 01/18/2024 Lowney was again (as 01/02/2024) suspiciously talking to Nancy Roberts, with the expression like he is waiting for something from her - which looks extremely suspicious after previous judge was disqualified 11/13/2023 for suspect of bribery and severe repetitive fraud on court in favor of Nancy Roberts (suspected of bribing disqualified judge Andrea Flint).

Again, Stephen Lowney was aware about what happened to Andrea Flint, had chance to review statements of disqualification against suspected of bribery judge Flint, understood severity of situation with parental child kidnapping of my son, but still refused to hear already 2nd matter in January on my case 22FL003144, and rescheduled custody review hearing later to February.

Later in February he committed massive fraud on court in favor of Nancy Roberts, suspected in bribing Lowney on his first month of assignment in Department 79, which led to the first Statement of Disqualification against him 02/20/2024 (attached).
