Complaint

On and about 01/31/2024 suspected of bribery judicial officer Stephen Lowney denied all allowed by the court rules ways to obtain admissible evidence of what is going on in courtroom - therefore preparing solid basis to commit massive severe act of fraud on court on upcoming hearing 02/07/2024.

Lowney denied:

1. Request for Statement of Decision (attached) - requested because judge was at risk of bribery after previous judge Flint was disqualified for bribery and severe repetitive fraud on court. Denied without any explanations.

2. Request for mandatory court reporter (attached) - requested because both Lowney and his disqualified predecessor Flint were committing repetitive fraud on court in absence of court reporter, and without any records regarding why they make orders that endanger life of my minor child, why they grant financial fraud based on falsified bank statements, and why they use threats, coercion and physical punishment against me, trying to force me to abandon my son and give up passport and all documents of my son Max Mars to facilitate international child kidnapping of my son outside of the United States by his schizophrenic mother, who has documented history of international child kidnapping.

Lowney, same as Flint, was committing repetitive fraud on court on hearings without court reporter, and was repetitively leaving hearings on our case 22FL003144 to the end of hearing when no witnesses present.

3. ADA accommodation request (attached) - which included audio recording and transcript of all court proceedings. Was denied with some ugly prank comment from Lowney, saying that he recommends me to be present in person on all hearings (therefore blocking ability to video record hearings when he commits severe repetitive fraud on court)

4. Media request to photograph and video record proceedings (attached) - because credibility of court was already completely destroyed by repetitive fraud committed by his disqualified predecessor Andrea Flint; amount of video evidence of repetitive severe fraud on court committed by Lowney and his disqualified predecessor Flint became quite massive, and opposing lawyer Nancy Roberts, suspected in bribing both Flint and Lowney, submitted request to hold me in contempt of court for sharing video recordings of repetitive fraud on court with Presiding Judge Beth McGowen and Commission on Judicial Performance. Therefore I requested court (both Lowney and Supervising Judge Brooke A. Blecher) to grant media coverage request for my Youtube Channel "Save Max From Abduction" - to make video recordings official, and make disqualified crooks of court publicly accountable for repetitive fraud on court which they attempt to commit behind closed doors, completely ignoring law, massive evidence, and safety of my child.

Besides, friends of our family, who saw video recordings of Flint committing fraud on court, commented that "those fucked crooks are completely insane to make fraud such shamelessly - we though such shit is possible only in deadly corrupt Ukraine, but not in the United States!", and "what a fuck is going on in Santa Clara County Superior Court - why they sentenced Max to be in custody of mentally unstable phsychopath Hanna Mars who was beating him, and promised to abduct him to Ukraine in times of war?"

With denial of all official ways to obtain admissible evidence of what will be happening in courtroom on 02/07/2024, Stephen Lowney confirmed that his actions are undeniably corrupt, and he is intentionally removing all evidence of upcoming massive fraud on court.

Due to disqualification of previous two judicial officers on this case, Andrea Flint (November 13, 2023) and James Towery (end of 2022), suspected of bribery and caught on massive repetitive fraud on court, Stephen Lowney was under suspect of bribery when he denied all admissible evidence in preparation to commit massive fraud on court 02/07/2024.

Later, on 02/07/2024, Lowney committed massive severe repetitive fraud on court in favor of Nancy Roberts, who is suspected of bribing him, which was documented, and led to the first statement of disqualification filed against Lowney on 02/20/2024 (after the very first month of his assignment in department 79).

Statement of disqualification against Lowney attached, as well as disqualifications of his predcessor Andrea Flint and lawyer Nancy Roberts, suspected of bribing them both.

Appreciate your prompt attention to this urgent matter.
Thank you
